## Letter from the LRMC Commander

An assignment in Europe allows you the opportunity and excitement of learning and experiencing new cultures. Part of that experience may include receiving healthcare from a Host Nation medical provider - if the treatment you need is not available at your U.S. Military Treatment Facility.

Landstuhl Regional Medical Center (LRMC) maintains robust specialty care medical services and will continue to be a priority for our Active Duty and Family Members. It is important to note that when your medical needs are provided for by our Host Nation medical partners, the care delivered by our Belgian, German and Italian medical counterparts is also outstanding.

Your local TRICARE Service Center stands ready to facilitate your visit as part of a comprehensive system that is in place to guide you through the medical care process.

The Guide to Host Nation Healthcare is designed to answer frequently asked questions about Host Nation Healthcare treatment in your local area to include: how to schedule appointments, how to get to the clinic or hospital, and what to expect upon arrival.

This guide should cover all aspects of host nation medical treatment. If you feel something is missing or needs correction, please let us know. The mantra of LRMC is one of quality through continual process improvement and provider-patient collaboration and communication. Sharing your thoughts and suggestions is encouraged and will help us serve you better. Selfless service!

LRMC Commander  
Landstuhl Regional Medical Center

## LANDSTUHL REGIONAL MEDICAL CENTER

### Mission

A trained and ready team providing safe, world class healthcare for all our patients to maximize their health and well being.

### Vision

Establish LRMC as the premier Military Medical Center that sets the standard for comprehensive and innovative medical care.

### Who We Are

The largest U.S. hospital overseas and only U.S. Level II Trauma Center overseas.

### 4 Guide to Host Nation Healthcare

## **Letter from the Brussels Clinic Commander**

The Brussels Clinic is committed to providing the best quality medical care possible. If services are not available at our facility, you may be referred to a Host Nation Preferred Provider, clinic or hospital.

This booklet provides information about how to access Host Nation medical care and to hopefully make you comfortable about visiting the healthcare providers we have partnered with in our area.

The local TRICARE Service Center is responsible for coordinating medical care through a local hospital or provider. Please be sure to visit the TRI-CARE Service Center during in-processing to verify your eligibility and enrollment status.

We value your commitment to our Nation and promise to provide access to quality health care and continuity of care commensurate with your service.

Please let us know how we can serve you better. We will listen. We have the time.

Clinic Commander  
Brussels Clinic

## **BRUSSELS CLINIC**

### **Mission**

Provide quality ambulatory care for Soldiers and their Families while coordinating and facilitating inpatient and specialty care with our host nation and DoD partners.

### **Vision**

Be the Standard Bearer for ambulatory health care networks in the Department of Defense.

# Emergency Numbers

## For ambulance service:

**French speakers** call :                      **0.100** from a DSN phone  
   **100** from land line  
   **112** from cell phone

**English Speakers** call:

Brussels MP desk                              DSN **368-9769**  
   Civilian **02.7179769**

24-hr toll free Nurse Advice Line              0800-80149

Brussels Host Nation Patient Liaisons - Available 24 hrs:

From 0730 to 1630 Mon-Thur and from 0730 to 1500 Fri: DSN 368-9505/9516  
   Civ 02.7179505/9516  
   After hours 02.7179769

The Brussels Clinic is open Monday to Thursday 0730-1630  
   Friday 0730 –1500  
   Saturdays, Sundays, Holidays Closed

Appointments: 368-9500 or civilian 02.7179500

## Our Services for You

You can make an appointment at the Brussels Clinic at [www.tricareonline.com](http://www.tricareonline.com) or by calling Central Appointments at DSN 368-9500 or civilian 02.7179500. If an appointment is not readily available or if you need specialty care not provided by the health center, you may be referred to a host nation provider.

### TRICARE Prime Access Standards

It is extremely important that all Active Duty military and their command-sponsored Family Members enroll in TRICARE Prime at their servicing medical treatment facility. Enrollment can be accomplished either at in-processing or the MTF TRICARE Service Center. One significant benefit to Prime enrollment is the access to care standards that assure you receive timely, quality care. If timely care is unavailable at the Brussels Clinic, you may be referred to another Military Treatment Facility or to a Host Nation provider or hospital. A Health Care Finder at the local TRICARE Service Center will then help you locate a provider within the Preferred Provider Network.

**Important:** Except for emergencies involving the immediate threat of loss of life, limb or eyesight, all off-post care you receive must be authorized by TRICARE first. Although authorization will come from International SOS beginning Sept. 1, 2010, in most cases you will work with your TRICARE Service Center to make your appointments.

Active duty military and their Family members will be scheduled for appointments in accordance with these standards:

Appointment Type	Required within:
Acute	24 hours
Routine	7 calendar days
Well	28 calendar days
Specialty	28 calendar days

Non-TRICARE Prime beneficiaries, including military retirees, DoD civilian employees and eligible third-party payees may be seen at a Military Treatment Facility on a space-available basis. They should check appointment schedules regularly. To assure continuity of care, it is recommended that military retirees and third-party payees establish a relationship with a Host Nation provider.

### Host Nation Preferred Provider Network

The TRICARE Eurasia-Europe Preferred Provider Network, or PPN, consists of host nation health care providers who agree to provide care to TRICARE beneficiaries and assist them in filing TRICARE claims. In most cases, PPN providers will not require up-front payment from TRICARE Prime beneficiaries. At the end of your care, your results will be translated into English and added to your permanent electronic medical treatment record.

Preferred providers offer beneficiaries three important benefits:

- **Comfort:** To join the network, providers must demonstrate that they can communicate with TRICARE beneficiaries in English or provide translation services. They are also sensitive to cultural differences U.S. military personnel and their Families may encounter in their facilities.

- **Confidence:** A provider's credentials and experience are verified before being approved to join the network.
- **Convenience:** Preferred providers agree to file cashless, claimless basis, filing claims for patients. If you are a TRICARE Prime beneficiary, you will not have to file a claim or pay out of your pocket when you get **authorized**, covered care from a PPN provider.

Your local TRICARE Service Center staff will help you find a PPN provider or hospital when you are referred for Host Nation care. You can also use the PPN Provider Search Tool on the TRICARE Eurasia-Europe Web site.

### TRICARE Eurasia-Europe

The TRICARE Eurasia-Europe Web site at [www.tricare.mil/tma/eurasiaafrica/](http://www.tricare.mil/tma/eurasiaafrica/) offers a wealth of information for beneficiaries, including benefit information, forms, a handy downloadable "Passport" reference guide for getting care in the TRICARE Eurasia-Europe area, Preferred Provider Network contact information and much more.

### Your local TRICARE Service Center

Be sure to visit your local TRICARE Service Center during in-processing to verify your TRICARE eligibility and enrollment status. It is located in the Brussels Clinic, at 12 Kennedylaan, 1933 Sterrebeek. The phone number is DSN 368-9500 or civilian number 02.7179500.

Don't forget to take your ID card and to check your DEERS registration and address. You can update your address in DEERS online at [www.tricare.mil/DEERS/](http://www.tricare.mil/DEERS/)

Service center representatives can explain how to access care at a Military Treatment Facility or at a TRICARE-approved Host Nation facility. This is important prior to treatment or hospitalization at a Host Nation medical facility, particularly for military retirees over 65 years old enrolled in TRICARE for Life, which requires concurrent enrollment in Medicare Part B.

Advisors at your local TRICARE Service Center can also help schedule your initial appointment with the Host Nation provider and give you contact names and phone numbers, a map with driving directions, and other useful information. They can also help you understand required medical documentation and medical bills.

### Host Nation Patient Liaisons

Host Nation Patient Liaisons are available to assist U.S. beneficiaries hospitalized in Host Nation medical facilities or will accompany you on your first outpatient visit. Patient liaisons can be contacted at Brussels Clinic, DSN 368-9516/9505 and 02.7179516/9505. They can be reached in case of emergencies anytime, day or night at DSN 368- 9769 or civilian 02.7179769.

## 8 Guide to Host Nation Healthcare

Regardless of what hospital you are in, you may contact the Brussels Patient Liaison 24-hours a day, 7 days a week. See the numbers listed above. The Brussels Patient Liaison is on duty, Monday thru Thursday from 0730 to 1630 hrs; Friday from 0730 to 1500 hrs and on-call after duty hours. Feel free to call them if you have a question or need any kind of help.

Keep in mind, however, that the liaisons may not offer medical advice. Understand that if they are with another patient or assisting a physician, they may not be able to come to see you immediately. They will, however, answer your call and take care of your request as soon as possible. Any questions or concerns about your health care that you feel cannot be answered by the patient liaison may be directed to the Brussels Clinic Patient Representative.

**Host Nation Patient Liaisons can:**

- Help plan your transfer from a Military Treatment Facility to a Host Nation medical facility or from a Host Nation facility to a military medical facility by civilian ambulance or by your privately owned vehicle.
- Ease language barriers between the patient and Host Nation Providers and provide the patient with a copy of the U.S. Army Europe Medical Phrase Book.
- Talk to your Host Nation physician to get up-to-date information on your medical condition and treatment plan.
- Answer questions about treatment, environment of care, and follow-up care to the best of their knowledge, or when doctors are unavailable.
- Assess and interpret patient concerns to determine specific assistance needed.
- Conduct follow-up visits to assess treatment progress and/or plans for the patient's transfer to other hospitals or Military Treatment Facilities.
- Assist with the discharge of a patient from a Host Nation hospital.
- Provide local resources for medical supplies and pharmacies.
- Per request, accompany you on your first visit to a Host Nation provider.

**The Patient Liaison Coordinators**

Patient Liaisons located in the Brussels Clinic.

Phone Numbers:

DSN 368-9505/9516

Civilian 02.7179505/9516

After 1630 hrs, the patient liaisons are on-call. To reach them, call 02.7179769. You will be directed to the MP desk, if you need to speak to a liaison they will put you in contact with him/her. In case of emergency call an ambulance by dialing 100 from a land line and 112 from a cell phone.

## **The Host Nation Health Care Experience**

The use of host nation medical facilities is not new. For many years, host nation hospitals have provided emergency care and treatment unavailable at U.S. Military Treatment Facilities.

Host nation medical clinics and hospitals have much in common with those in the United States. Host nation providers and staffs are highly educated professionals who provide excellent medical services.

During rounds, junior physicians often accompany attending physicians. This can make it difficult for patients to feel comfortable asking questions. Write down your questions. During rounds, it is appropriate to ask if your doctor has time to address your questions. If not, ask when your doctor can return. Your Host Nation Patient Liaison should be able to assist.

Some host nation physicians may not be in the habit of explaining details to patients. They will answer all your questions when asked, but sometimes do not volunteer all results or information. Be sure to ask doctors and nurses about the treatment plan.

- **Privacy**

- Host nation privacy standards may differ from ours, so please keep in mind that we are in their country. These pointers may help:
- Host nation physicians may not always use a chaperone when examining patients of the opposite sex. Ask for a chaperone if you feel uncomfortable.
- Generally, there are no privacy screens between beds. Do not wear transparent clothing. Take appropriate clothing that allows you to remain semi-dressed during an upper body exam.
- You may be asked to undress while nursing staff is passing through the area. This is considered proper. Be respectful of their standards and look for ways to accommodate yours.

**Overnight visitors**

When visiting someone in the hospital, it is inappropriate to lie in the hospital bed, with or without the patient. In pediatric wards, the parent can request an additional bed to sleep in at night only if space is available.

Respect the privacy and personal space of other patients who share the same room. Hospitals may charge for an extra bed and meals. Because they are not directly related to the patient's care, those charges will not be reimbursed by TRICARE.

### **Packing for a Hospital Stay**

During hospitalization, you may need:

- Your ID card for admission or emergency care
- A list of medications you are currently taking
- Towels and washcloths
- Nightgown or pajamas, slippers and robe
- Personal hygiene items
- Euro for the telephone or items you may wish to buy
- Notebook and pen
- Books, magazines or other reading material
- Snacks
- Bottled water (mineral water is common in host nation hospitals)
- Dictionary (a Host Nation Patient Liaison will give you a medical phrase book)
- Set of clothes for going home after discharge from the hospital
- DVD/earphones
- Bras (necessary regardless of whether you are breast or bottle feeding)
- Kleenex
- Phone numbers/ address book
- Clock for your bedside
- Car seat
- Diapers

### ***Please don't bring any valuables!***

In general, don't bring money, jewelry or other valuables. The hospital or clinic will not assume responsibility for lost or stolen items. In most of the clinics, you will be able to check valuables or money on admission or secure your things in a patient locker.

If you experience any problems during your stay, please inform your Host Nation Patient Liaison.

## Emergency Medical Care

A medical emergency is one in which life, limb or eyesight may be in immediate danger.

Time may be a critical factor during a medical emergency. Getting familiar with Host Nation emergency care options and civilian ambulance services **before** an emergency is recommended.

For emergency care please report to the ER of the Universitaire Ziekenhuizen Leuven "Gasthuisberg" 49 Herestraat, 3000 Leuven. In case of life or limb threatening condition please call for ambulance, they will take you to the nearest Hospital.

The Brussels Clinic does not provide emergency care. For emergency care, proceed directly to your closest Belgian hospital emergency room marked "Urgences", "Spoedgevallen" or call the numbers below for ambulance services:

Dial 100 from a civilian line or 112 from a mobile telephone **or** call the Brussels Military Police at 02.7179769 or DSN 368-9769.

If you go to a Belgian clinic or hospital for an emergency, you must contact the clinic's TRICARE Service Center at DSN 368-9505/16 or civilian number 02.7179505/16 the next working day to ensure that TRICARE will cover the cost of your care. Beginning Sept. 1, 2010, as a TRICARE Prime patient, if you go to a Belgian clinic or hospital without a referral, you must call the International SOS emergency line at 0800.80806 (toll-free from Belgium) or their international line at 0044.20.8762.8133 (someone will call you back).

For 24-hour medical advice, call the toll-free Nurse Advice Line at 0800.80149

Most Military Treatment Facilities in Europe are not staffed nor equipped to respond to a major medical emergency. Find out which emergency services are available on and off post.

### USAG Brussels Emergency Phone Numbers 24/7

	DSN	Civilian
Belgian Ambulance		112
Belgian Police		101
Belgian Fire Dept.		100
Military Police	368-9769	02.7179769

While traveling, all TRICARE beneficiaries can call International SOS at 0800.80806 (toll-free from Belgium) or their international line at 0044.20.8762.8133 (someone will call you back).

## 12 Guide to Host Nation Healthcare

### **Civilian Ambulance Service**

The U.S. Army does not provide ambulance service. You must be prepared to call and communicate with a Host Nation ambulance service. Some have English-speaking medical personnel. Some do not. It is your responsibility to know which one to call in an emergency. Your local Military Police will be able to help. Ambulances should be called for bona fide emergencies only. If you think you have an emergency that requires an ambulance, do not hesitate to call one. However, an ambulance should not be called for routine transportation.

Do not assume the ambulance service is familiar with your garrison. If you call an ambulance from on-post, be sure to alert the Military Police for assistance. Whatever your location, have someone meet and direct the ambulance.

### **Emergency Rooms**

Know which Host Nation hospitals offer emergency care **before** you need to use one. The Host Nation hospital section in this guide lists the services offered at each facility, including emergency care. If you are not near one of those hospitals, go to the nearest one with an emergency room.

In the hospital's emergency area, you may be asked to complete TRICARE forms and have a copy made of your ID card. That is standard procedure. If you have any concerns about what you may be asked to sign, talk to your TRICARE Service Center or patient liaison.

If you need a patient liaison or an interpreter during an emergency situation, simply ask for the liaison in the Emergency Room or at any information desk or contact a liaison at the following numbers: Call the MP stations at DSN 368-9769 or civilian 02.7179769. In addition, after Sept. 1, 2010 you may call the International SOS at 0800.80806 (toll-free from Belgium) or their international line at 0044.20.8762.8133 (someone will call you back). That translation service is available 24/7.

If you (Soldier or Family Member) are admitted to a Host Nation hospital, please notify your unit as soon as possible. Your unit will notify a patient liaison if not already done so, who will then contact you. Clinic Commanders receive daily reports of all U.S. military patients admitted to or discharged from Host Nation facilities.

## Brussels Clinic

### Hours of Operation

Monday to Thursday	0730-1600
Friday	0730-1200
Saturdays, Sundays, Holidays	Closed

### Immunization Clinic:

Tuesday	1330-1530
Thursday	0800-1000

### Routine Care

The Brussels Clinic is an outpatient Clinic that provides non-emergency medical services to the Brussels Community. The Brussels Clinic does not have an Emergency Room.

### Emergency Care

For emergency care, you must proceed directly to your closest Belgian Emergency Room (marked Spoedgevallen/Urgences) or call the number below for ambulance services: 100 from a civilian line, 112 from a mobile telephone. If the condition is stable and not life or limb threatening, then please report to the ER of the Universitaire Ziekenhuizen Leuven "Gasthuisberg".

### Patient Liaisons

Liaisons will provide you with a number of valuable services including translations, answers to billing questions, and any other general information. Patient Liaisons are available at the Brussels Clinic during normal duty hours. However, they can be reached in case of emergencies anytime, day or night.

To reach the Brussels Clinic Patient Liaison call 02.7179505 or 02.7179516 during normal duty hours. After hours call the MP Station at 02.7179769. They will connect you with the on-call Liaison.

### Appointments

Appointments can be made by calling the Appointment Desk from Monday to Thursday, 0730-1600, Friday 0730 - 1200 at 02.7179500 or DSN 368-9500.

### Summary of Services

Medical Services, Family Practice, Psychiatry, limited services, Ancillary Services, Laboratory, Pharmacy, Physical Exams, Radiology, Immunizations, EDIS (Education and Developmental Intervention Services) limited services, Social Work, limited services, EFMP screenings/updates, Preventive Services, Tobacco Cessation, Well-Baby Exams, and Well-Woman Exams.

## 14 Guide to Host Nation Healthcare

### **Host Nation Prescriptions**

Host Nation Prescriptions cannot be filled at the Brussels Clinic. Pharmaceuticals needed after hours must be purchased by the patient at a local Pharmacy and reimbursement will be provided through the TRICARE office.

### **TRICARE & Administrative Services**

The following services are available at the Patient Administration Division (PAD) office and can be reached at the following numbers:

Enrollment Services:	DSN 368-9500
Scheduling for Host Nation Appointments:	DSN 368-9516
Translation and Healthcare Benefit Advisor:	DSN 368-9504/9505
Billing for US Active Duty:	DSN 368-9505
Patient Representative:	DSN 368-9503
Patient Liaison:	DSN 368-9505/9516

Civilian numbers, dial: 02.717 + last four digits of DSN number

Note: For AD and Family Members of AD, every time you see a medical provider on the local economy, you will receive a bill in the mail. Bring the bill to the Brussels Clinic Reception Desk ASAP and fill out a TRICARE form.

### **Customer Comments**

We welcome your comments and seek every opportunity to improve our service to you. Comment Cards are available inside the Clinic.

### **Our Civilian Address**

Brussels Clinic  
J.F Kennedylaan 12  
1933 Sterrebeek

### **Our Preferred Provider and ER**

Universitaire Ziekenhuizen  
Leuven "Gasthuisberg"  
Herestraat 49  
3000 Leuven

## **Host Nation Hospital Information from A to Z**

Because cultural norms differ from country to country, don't expect host nation hospitals to be like the ones you may be familiar with back home. Remember: we are guests here. Be courteous, and talk to your Host Nation Patient Liaison if you need help understanding medical practices or explaining issues or concerns to your doctor or hospital staff.

Tips in this section will help you if you are admitted to one of the local hospitals.

## Host Nation Hospital Information from A to Z

### Admission to the hospital

Before your appointment, make sure to stop by the TRICARE Service Center and get your paperwork. Upon your arrival to the hospital, go to the “consultation” desk and some stickers will be made up for you before you can go to your appointment. If you are eligible for TRICARE or CHAMPUS benefits, you may also want to fill out a CHAMPUS Claim Form upon your arrival. This way, the hospital can bill TRICARE/CHAMPUS directly.

It is often helpful to have a family member prepare the admission paperwork for you. New stickers (also called “vignettes” or “etiquettes”) will be made up for you even if you have old ones from an outpatient visit. You will be given your telephone access number at this time, and asked to sign a paper that simply says you are being admitted and to what type of room. This is also the location to ask about rentals, phone cards and meal tickets. Reception desk hours are generally from 0800 – 1900. The ER desk is open 24 hours.

You can obtain liaison assistance over the phone by calling Brussels Clinic at 02.7179500 or DSN 368-9500 or the Patient Liaison Office at 02.7179500 or DSN 368-9500.

You will need:

- A referral from your primary care physician or specialist. Your TRICARE Service Center can provide the referral.
- Identification Card and passport.
- Medication list, pertinent medical records from previous hospitalizations, reports and/or letters from your physicians.

### Alcohol

Do not drink alcoholic beverages during hospitalization without permission from your physician. Alcohol can cause adverse reactions with some medications.

### Birth registration/TRICARE enrollment/ Maternity Information

When you go to the City Hall, make sure that you bring all the necessary documents: documents from the hospital, mom and dad's birth certificates, ID card, Passport (if not military) and marriage certificate.

In Belgium, the birth of a child must be registered within fifteen days following the delivery.

An international birth certificate is required by DEERS and a copy of the birth registration is required by the U.S. State Department. Each certificate costs 12 euro and must be paid at the hospital admissions office. These certificates cannot be processed before payment. You will be able to pick up your passports and baby's documents approximately three weeks later directly from the admissions office. If your child is TRICARE-eligible, please do not forget to visit the TRICARE enrollment office to enroll your newborn once the child is registered in DEERS.

Once you have chosen your hospital, your obstetrician and the nurses will make you aware of the rules. You will be given a prenatal book and a blood group card for you and your husband. Always carry those on you. Your suitcase should be ready at the 7th month of your pregnancy.

Within 14 days after the birth of your baby, you will need to go to the City Hall of the town where you delivered for the birth registration. You will need your ID card, your birth certificate and your wedding certificate. The maternity will also issue you some documents. The normal length of stay is 6 to 7 days. For U.S. Citizens who give birth to infants in Belgium, please contact the USA ELEMENT by calling the In-processing Center: DSN 368-9847 or Civ. 02.7179847.

If you need an electrical breast pump, let your PCM (Primary Care Manager) know, in order to obtain a referral, then contact your TRICARE Office who will give you the details to buy or rent one. For reimbursement, you will need to contact your Health Benefit Advisor at DSN 368-9505/16 or 02.7179505/16. Your post-partum appointment is part of prenatal care (it is entirely covered by TRICARE).

### Cost

If you have any question about coverage, consult your Health Benefit Advisor or Supcare Representative (Supcare is for Active Duty only).

Service	Approximate Cost
Phone	by unit
TV	1.98 euro per day
Private Room	35 euro a day for a "Deluxe room. 4.96 euro for regular room (in the Maternity Ward). <b>Important: Physician professional fees may increase by 200% for surgical procedures for those in private rooms. Private rooms are not covered by TRICARE</b>
	8.68 euro for entire stay.

### Crutch Rental

If you are checking out of the hospital on a weekend and do not wish to wait until the Brussels Clinic is open to get crutches, you may rent them from the emergency room reception desk. The charge is normally around 5 euro per month and a refundable security deposit of approximately 37 euro is required. The crutches offered are the type that do not come all the way up under your arms. Some Brussels patients prefer these, as they tend to be more comfortable.

### Customer Service

In the U.S., you pay a lot for medical care. As is the standard, U.S. hospitals include a lot of non-medical extras, like carpeting, cable T.V., and all the personal hygiene items you might find in a good hotel.

In Belgium, medicine is run by the government. It pays for medical school and often places graduates in government hospitals, keeping costs much lower than they are in the U.S. To save more money, patient comfort items are not included.

## 18 Guide to Host Nation Healthcare

## **Discharge**

When possible, the doctor will give you the precise day and hour of your departure. The nurses will give you the Patient Discharge Instructions/Nursing Discharge Instructions (OB Patient) or Pediatric Discharge which you should give to your Primary Care Manager. Make an appointment by calling DSN 368-9500, or civilian 02.7179500.

You will also need:

- Medical Report for your family doctor
- Prescription
- X-Rays (if available)
- Information about your diet, treatment and lifestyle changes
- Dates of recommended convalescent leave.

If you have any sort of questions, bring it to the attention of the Brussels patient liaison right away. If you rented a TV or refrigerator, return your remote control or refrigerator tag to the reception desk. If you forget, these items will be billed to you.

You will be expected to make your own arrangements for transportation. There are generally taxi stands outside the hospital, or the nursing staff will call you a taxi, if needed.

## **Discharge Against Medical Advice**

If you wish to leave the hospital against your doctor's advice, your wishes will be respected. In this case, you must sign a document releasing the hospital of all liability for problems or conditions that may arise later. This is your decision, not your doctor's. Active military members must adhere to their unit's specific instructions.

In order to make an informed decision you need to be aware that you may have problems obtaining a follow-up with the same doctor, profile, medical certificate or prescription. You may want to talk it over with your Primary Care Manager.

## **Flowers**

Although you may love flowers, please ask visitors not to bring too many flowers or large flower arrangements. Hygiene problems might be caused and the nursing personnel might be hindered in the performance of their work. Vases for flowers are available at all wards. The soil of potted plants may be a reservoir of pathogens. For this reason, no potted plants are allowed in the patient room.

## **Follow-Up visits**

In general, all follow-up visits after an inpatient stay or a procedure must be with the physician or facility that treated you originally, not with the military clinic. Your TRI-CARE Service Center may assist you in making follow-up appointments.

## **Food**

Most places serve a continental breakfast (bread, cheese, and coffee). Lunch is the largest meal of the day. Dinner is very light by U.S. standards; usually, it consists of bread, salad and either lunch meat or some sort of meat salad, commonly chicken or fish. Coffee is served with dinner.

Snack bars sell snacks, beverages, ice cream cones, bottled water, toys, and patient comfort items, flowers and floral bouquets. Some hospitals have a cart that comes around the patient's rooms daily.

### **Health insurance for visitors in Europe**

Unless a visitor to Europe is already an eligible TRICARE beneficiary, non-emergency medical treatment will not be available at U.S. Military Treatment Facilities or at TRICARE's expense at a Host Nation hospital or clinic. Medicare will not pay when the care is obtained outside of the United States.

Private insurance is available, however, from commercial health insurers and/or some travel agents. TRICARE-Prime beneficiaries enrolled in other regions must obtain pre-approval of all non-emergency care from the region where they are enrolled. Without such pre-approval, beneficiaries may face increased costs. Beneficiaries enrolled in other regions should also be prepared to prepay for medical care.

For emergency care when traveling or on temporary duty, active duty members and TRICARE Prime-enrolled family members may call International SOS at 00.44.20.8762.8133. ISOS will find the nearest military or civilian emergency room, and, if an admission is indicated, will work with the admitting facility to guarantee payment. The ISOS number is toll-free; they will also take collect calls or call you back. For complete information on TRICARE requirements while traveling, visit your TRICARE Service Center or the TRICARE Europe Web site.

### **Leaving your room**

When you are feeling better and able to leave your hospital room, please dress appropriately. Stay in your room until all the testing is completed and physicians have made their rounds. This varies from ward to ward. If you leave the ward, be sure to let the staff know. Once you are admitted to the hospital, you are not allowed to go home overnight or leave the hospital grounds. This is a liability issue. In some cases, you might be given a pass for a few hours or the weekend. This can be decided only by your physician. If your doctor approves a pass, you will be required to sign a waiver that releases the hospital from liability during your absence.

### **Meals**

Patients usually have a choice of three menus for every meal. If your state of health necessitates a special diet or if you have individual needs or customs, the hospital staff will try to take this into consideration. Be sure to let them know.

When you arrive to the ward, the nurse will ask you if there are any foods that you cannot or will not eat. If you would like something like a boiled egg or yogurt added to your breakfast, you must put your request in before 1700 hours and they will do everything possible to accommodate you the night before. If you have trouble, don't hesitate to ask the patient liaison.

Meals will be served around the following times:

Breakfast:	0815
Lunch:	1200
Dinner:	1730

Do not expect to be served ice cubes in drinks during your hospitalization. You will be served bottled mineral water, a variety of teas, and/or juice. Have your visitor bring some euro to purchase snacks or drinks when needed.

Inpatients are not allowed in the restaurant, but your visitors may want to have lunch at the restaurant. Visitors must obtain meal tickets at the reception desk or from a nurse on the ward. The meal will cost approximately 5 euro.

## **20 Guide to Host Nation Healthcare**

### **Medical reports**

TRICARE beneficiaries should take any medical reports received from the hospital to the TRICARE Office for translation and inclusion in their official medical record.

### **Medications**

If you are taking medications, vitamins, minerals or food supplements, inform your physician. If possible bring them with you to the hospital for your doctor and nurse to see. Do not continue to take these medications without the physician's knowledge; there could be adverse reactions with other medications that have been ordered. Often you will be given the medication for the entire day in the morning. If you are unsure of the medication you are receiving or how and when to take it, ask the staff or your Host Nation Patient Liaison. Be sure to inform the physician and/or staff about medication, food or other allergies you may have.

Pain medication is not given automatically. If a patient is in pain or needs a sleeping pill, he or she must ask the nurse for medication. Sleeping pills are not routinely prescribed for pre-op patients. You may bring your own prescription medication, but be sure to inform the nurse of what you have in order to avoid any possible unwanted interactions with the medications given by the hospital.

### **Nurses**

It is important to view nurses as professionals, not room service. European nurses do not, and are not expected to, run to the patient every time he or she wants a glass of water. In other words, don't use the Call Button unless you need medical care or a bed pan.

### **Overnight stays**

Spouses may stay overnight if they pay the overnight fee. The fee is usually between 30 to 50 euro, depending on the hospital. TRICARE will not reimburse you for this expense as it is not directly related to the patient's health.

### **Parking**

Parking may not be available for long-term stays. If parked illegally, some hospitals will have your car towed away at a stiff cost. Have someone drop you off and pick you up from the hospital. Depending on the reason for your admission, it may not be safe to drive yourself. Taxis are readily available.

### **Patient confidentiality**

Providers in Belgium have strict confidentiality rules. Only physicians are allowed to give medical information to you and your family members. They will allow the Host Nation Patient Liaisons, who are bound by the same patient confidentiality rules, to assist and translate.

### **Pediatrics**

If possible, don't bring other children. It is unhealthy for them and for the sick child. The hospital allows the patient's brothers and sisters to visit, but recommends the visits be kept short. Parents are encouraged to participate in the care of their child. Parents may bathe, feed and explain procedures to their children, but must follow the directions given by the nursing staff. If the child is on a strict diet, please do not offer the child anything to eat before asking a nurse.

In private rooms, a parent can have a bed in the same room with the child, allowing the parent 24-hour supervision of the child's treatment. These are small rooms with a toilet, a child's bed and a normal size bed for mom or dad. The parent can obtain a remote control for the TV at the main lobby reception desk. Although most parents prefer to bring food from home, those wishing to have their meals served in the room may purchase meal tickets at the reception desk. Tickets are given to the pediatrics nurse but it must be done the night beforehand. Private rooms are not covered by TRICARE.

In special cases when there is no private room available and a parent wishes to remain with their child, a bed will be placed in a small room for an extra charge of 12.40 euro if available. If a child has a favorite doll or stuffed animal, it can be brought; the child can keep the doll with him or her throughout exams, doctor's visits and into the operating room. The child may bring personal toys to the hospital, if they are not noisy. If parents bring PAL system videos, the nurses will usually play them for the children.

### **Personal items**

Host nation hospitals do not provide personal items and toiletries. If you forget your personal items, the hospitals generally have small shops where you can purchase the basics until family or friends can bring what you need.

### **Phones**

Phones are available for personal phone calls for a fee. Take enough euro to purchase a hospital telephone card that will allow you to make and receive calls from your bedside phone. TRICARE does not pay for phone charges. If you take your cell phone, please abide by hospital rules concerning its use.

### **Prescriptions**

Your Military Treatment Facility will only fill prescriptions written in English from PPN providers and only if the drug is on the formulary. Note: not all host nation providers are in the PPN.

Though a host nation doctor may give you enough medication to last through the next working day, outpatient medication is generally not dispensed beyond that small amount. There is no guarantee that you will be able to get an appointment to see your Primary Care Manager in the military clinic in time for a follow-on prescription or that the medication you were prescribed is even part of the military formulary.

Note: If you receive a Belgian prescription, it has to be filled by a Belgian pharmacy. The pharmacy consultant for Europe put out the word that controlled substances will not be filled for any outside provider, including TRICARE Preferred Providers.

When you are discharged, ask your treating physician for a private patient prescription for sufficient medication to last you to the anticipated end of the course of treatment. Your TRICARE Service Center or Host Nation Patient Liaison can tell you which pharmacy will not ask you for prepayment if you are a TRICARE Prime beneficiary. Beginning Sept. 1, 2010, International SOS can also provide that kind of in-

## **22 Guide to Host Nation Healthcare**

formation. If you need to fill your prescription after duty hours, on a Sunday or holiday, ask your physician for the nearest open pharmacy. Be prepared to pay not only for your prescription, but also a night or Sunday surcharge. Contact your TRICARE Service Center to find out how to submit a claim for reimbursement. Always keep a copy of your prescription and receipt—you will not be reimbursed without it. You cannot take your prescription to the military facility to have it re-written or changed to a U.S. prescription.

### **Religious Services**

If you wish, you may be visited by a chaplain or a representative of your faith outside of normal visiting hours. The nurse or patient liaison can help you arrange a visit.

### **Room Information**

The extra charge for a private room is not covered by TRICARE/CHAMPUS, SUPCARE (SUPCARE coverage is for Active Duty Military) or most other insurance companies, unless you have a written order from the doctor saying that it was necessary for medical reasons. According to the Belgian Law Governing Hospitals, the room surcharge may be as little as 25 euro, but may include up to 200% of the physician's fee; the decision is left to the discretion of the doctor. You will also pay more for the nursing care. Additionally, hospitals will sometimes ask for a security deposit for the private room. If you are not in a private room, you may be sharing a room with one to three other patients.

### **Same-Day Surgery**

In Belgium, the patients are hospitalized for several hours to prepare for special examinations, observations, or to undergo treatments of short duration. The admission procedure is the same as admission for a long-term stay.

### **Telephone**

Request a phone card at the admission desk. You will need a Belgian phone card to use the public phones. Use of your bedside phone will be billed to you.

### **Television**

Most rooms are equipped with a television. They receive about 20 European cable channels, including BBC (British), NBC Superchannel, MTV, and a few Dutch channels featuring U.S. programs in English with Dutch subtitles. It usually costs about 2 euro per day. If you are not in a private room, you will be sharing the television with another person. Patients who don't want to miss AFN may bring in small portable TV with a simple wire loop antenna for the UHF signal. VCR rental is not available.

## Getting Help After Hours

The Health Clinic's Referred Care Team is available on-call 24/7 to help if you are in the emergency room or admitted to the hospital. We can't help you if we don't know you're there:

### Useful Phone Numbers:

Brussels Clinic	DSN 368-9500 , Civ 02.7179500
24-hr Nurse Advice Line	0800.80149
Host Nation Patient Liaisons	DSN 368-9505/9516, Civ 02.7179505/9516

### The Brussels Clinic is open:

Monday to Thursday	0730-1600
Friday	0730-1200
Training Holidays	Closed
Saturday and Sunday	Closed
Federal Holidays	Closed
Appointments	DSN 368-9500 or civilian 02.7179500
Brussels MP desk	DSN 368-9769
	Civilian 02.7179769
ISOS (Eff. Sept. 1, 2010)	0800.80806 (toll-free from Belgium)
	0044.20.8762.8133 (someone will call you back)

### Referred Care Services

The TRICARE Service Center, located in the Brussels Clinic, provides a range of services to help you navigate the Belgian Health Care system:

The **Referred Care Team** will visit you in the hospital, help you understand your diagnosis, treatment plan, and medications, and help navigate some of the cultural differences between Belgian and U.S. hospitals and clinics. The patient liaisons also coordinate your follow-up at the Brussels Clinic. They may also assist with outpatient appointments.

**Referred Care Team:** The Referred Care Team is available to help when the Brussels Clinic is closed (after hours and on weekends). Contact is through the MP Station: 02.7179769 or DSN 368-9769

The TRICARE **Medical Service Coordinator** does enrollments, corrections in enrollment status, and assignment of Primary Care Managers. TRICARE Medical Service Coordinator call 423-5837 or civilian 065.445837.

The **Beneficiary Counseling and Assistance Coordinator**, or BCAC, helps with referrals, sets up appointments, authorizations for health care with list of local TRICARE providers and maps as well as assistance with resolution of payment of bills. You may call the BCAC at DSN 368-9505/16 or civilian 02.7179505/16

Beginning Sept. 1, 2010, beneficiaries can contact ISOS with questions about benefits or for eligibility review and for authorization for an off-post appointment. This is true also for urgent care.

## Notes

## Local Host Nation Hospitals

The overview of host nation hospitals that follows will familiarize you with U.Z. Gasthuisberg, U.Z. Saint Rafael and U.Z. Pellenberg. These are all medical facilities that serve the Brussels area.

Hospital services, maps and driving directions are located in the following section.

Please learn how to get around your neighborhood, including driving routes to your nearest host nation hospital emergency room. It also never hurts to learn how to ask for medical help in the host nation language. The Host Nation Patient Liaison can provide a medical phrase book. Be sure to ask for one.

For the most current information on area hospitals, visit the clinic page on the Europe Regional Medical Command Web site. That page will have Web links to important medical resources. The Web address is <http://ermc.amedd.army.mil>

## **U.Z. Gasthuisberg**

### **GPS Address**

Universitaire Ziekenhuizen  
Leuven "Gasthuisberg"  
Herestraat 49  
3000 Leuven

### **Phone Number:**

**016.33.22.11**

### **Web site**

**<http://www.uzleuven.be/en>**

Departments: Breast Centre, Cardiology, Day Surgery, Endocrinology, Endoscopy, Fertility Centre, Gastroenterology, Gynecology, Maternity, Children Hospital, Neurology, Radiology, Emergency Room.

### **Visiting Hours**

Hours:

Monday to Friday

0200 pm 0800 pm

## **U.Z. Saint Rafael**

**GPS Address**  
Kapucijnenvoer, 33  
3000 Leuven

**Phone Number:** 016.33.22.11

**Web site**  
<http://www.uzleuven.be/en>

**Departments:** Dermatology, E.N.T., Optometry, Dental

### **Visiting Hours**

Hours:

Monday to Friday

1100 am 0800 pm

## **U.Z. Pellenberg**

**Departments:** Orthopedics

### **Visiting Hours**

Hours:

Monday to Friday

0200 pm 0800 pm

## U.Z. Gasthuisberg

### GPS Address

Universitaire Ziekenhuizen  
Leuven "Gasthuisberg"  
Herestraat 49  
3000 Leuven

### Phone Number

016.33.22.11

### Web site

<http://www.uzleuven.be/en>

### Driving directions:

#### Via the E40 motorway

Between exits 22 and 23, take the E314 motorway. Then follow directions as for "via the E314 motorway" below.

#### Via the E314 motorway

Take exit 17 and follow directions to Leuven as far as the ring road (Brusselsepoort). Turn right on to the ring road and leave it at the first exit: "UZ Leuven" is signposted. Follow the signs at the roundabout next to the sculpture called "Het Teken". When you leave the hospital, if you want to go back to the E314 motorway, follow the signs at the roundabout.

#### Via the ring road

If you are on the outside of the ring road: follow the ring road until just behind the Brusselsepoort to the signs for "UZ Leuven". Follow directions to the roundabout at the sculpture called "Het Teken". If you are on the inside of the ring road: follow the ring road until just behind the Tervuursepoort junction. Then follow directions to "UZ Leuven" and then "UZ Gasthuisberg".

## U.Z. Saint Rafael

### GPS Address

Kapucijnenvoer, 33  
3000 Leuven

### Phone Number

016.33.22.11

### Web site

<http://www.uzleuven.be/en>

### Driving Directions

#### Via the E40 motorway

Between exits 22 and 23, take the E314 motorway. Then follow directions as for “via the E314 motorway”.

#### Via the E314 motorway

- Take exit 17 and follow signs to Leuven as far as the ring road (Brusselsepoort). Turn right on to the ring road and leave it at the first exit. “UZ Leuven” is signposted. Follow signs at the roundabout next to the sculpture called “Het Teken”. After the roundabout, drive under the ring road to the traffic lights.

- After 50 meters you will see the St.-Jacobsplein on the left. Metered parking is available here. It is a good idea to leave your car here because both UZ St.-Rafaël and UZ St.-Pieter are within 5 minutes’ walk of St.-Jacobsplein.

If you want to take someone or some luggage to the hospital’s main entrance, continue to the end of the street and turn left. The UZ St.-Rafaël is 50 meters along on your right. To reach the UZ St.-Pieter, continue to the junction. Turn right into Brusselsestraat. The hospital is approximately 100 meters along on your right. Then you can go back to the St.-Jacobsplein to park your car.

## U.Z. Pellenberg

### GPS Address

Weligerveld 1  
3212 Pellenberg

### Phone Number

016.33.22.11

### Web site

<http://www.uzleuven.be/en>

### Driving Directions

#### Via the E314 motorway

Take exit 17 and follow signs to Leuven as far as the ring road (Brusselsepoort). Turn right on to the ring road as far as the Tiensepoot. Then follow directions as for "ring road".

#### Via the E40 motorway

Take exit 23 and then follow signs to Haasrode. You are now on the N25, follow it to the end. Then turn right towards Tienen. After 3 km, turn left at the third set of traffic lights and then follow signs to the hospital.

#### Via the ring road

Continue to the Tiensepoot. Follow directions to Tienen. After 6 km, turn left at the traffic lights and then follow signs to the hospital.

## Frequently Asked Questions

### **Host Nation Providers**

#### ***What is the Preferred Provider Network?***

The TRICARE Eurasia-Europe Preferred Provider Network, or PPN, consists of host nation health care providers who agree to provide care to TRICARE beneficiaries and assist them in filing TRICARE claims. In most cases, PPN providers will not require up-front payment from TRICARE Prime beneficiaries.

#### ***Why should I use a PPN provider?***

PPN providers provide routine and specialty care that may not be readily available at your local Army Medical Treatment Facility. They are an important part of our pledge to provide access and continuity of care to our beneficiaries.

#### ***How can I locate a PPN provider?***

Your local TRICARE Service Center staff will help you find a PPN provider when you are referred for Host Nation care. You can also use the PPN Provider Search Tool on the TRICARE Eurasia-Africa web site (see below) or contact your TRICARE Service Center for assistance. Beginning Sept. 1, 2010 you may call the International SOS at 0800.80806 (toll-free from Belgium) or their international line at 0044.20.8762.8133 (someone will call you back).

### **Complaints / Compliments / Feedback**

#### ***What if I have a complaint, compliment or concern about host nation care?***

If you provide your e-mail address to the TRICARE Service Center during the referral process, a host nation provider evaluation form will be e-mailed to you. If you are hospitalized, talk to your Host Nation Patient Liaison. You can also contact the Brussels Patient Advocate at DSN 368-9503 or civilian 02.7179503 or use the "Contact Us" feature on the TRICARE Eurasia-Europe Web site, or contact the Officer in Charge at 368-9500 or Civ. 02.7179500.

### **Host Nation Patient Liaisons**

#### ***What do I do if I am in the hospital and don't speak the local language?***

Most medical professionals speak some English. Host Nation Patient Liaisons employed by the military health care facilities can help you communicate with your doctors and the staff in Host Nation hospitals and clinics. Beginning Sept. 1, 2010 you will have an additional option to call the International SOS at 0800.80806 (toll-free from Belgium) or their international line at 0044.20.8762.8133 (someone will call you back). That translation service is available 24/7.

#### ***Where do I get follow-up care after being hospitalized in a Host Nation facility?***

Host Nation Patient Liaisons coordinate a follow-up care plan for you upon your discharge from a host nation hospital. If you were seen as an outpatient in a Belgian facility, you will normally get follow-up care in the U.S. military clinic with the doctor who gave you the referral. It is important to keep copies of all your test results and other paperwork from the host nation provider. Take those documents to your follow-up appointment for review by your doctor. If the documents are in another language, they will need to be translated.

Your Host Nation doctor may recommend that you follow-up with him or her. Remember that, unless these follow-up visits have been authorized by TRICARE, you may be required to pay for any follow-up appointments.

### **34 Guide to Host Nation Healthcare**

### ***How can Host Nation Patient Liaisons help?***

Host Nation Patient Liaisons are fluent in English and the Host Nation language. They are familiar with medical terminology, can assist you with communication, and ensures you and the hospital staff have a complete understanding of your condition and treatment.

When you visit your TRICARE Service Center to arrange your admission to a hospital, TSC personnel notify your local Host Nation Patient Liaison. The main priority of the Host Nation Patient Liaison program is to make visits to patients in Host Nation hospitals.

You may also contact a Host Nation Patient Liaison any time you need assistance. If you are in a Host Nation hospital, the Host Nation Patient Liaison will visit you every duty day and give you information on how to contact him or her. There is a Host Nation Patient Liaison on call in your community for emergencies, after hours, and on weekends.

If you are a Soldier or active duty Family member and are admitted to a host nation hospital for an emergency, please notify the sponsor's unit as soon as possible. Unless you have already called a patient liaison, the unit will notify the nearest local clinic or hospital and a Host Nation Patient Liaison will contact you. Clinic commanders receive daily reports of all U.S. military patients admitted to or discharged from Host Nation facilities.

### ***What can the Host Nation Patient Liaison do for me?***

- Help you obtain up-to-date information on your medical condition and care plan.
- Tell you what to expect in Host Nation facilities, explain common cultural differences, and advise you on what to bring to the hospital.
- Help plan your transfer from a Military Treatment Facility to a Host Nation medical facility or from a Host Nation facility to a Military Treatment Facility.
- Provide you with a copy of the USAREUR Medical Phrase book.
- Help coordinate consults, tests, and follow-up care.
- Provide local resources for medical supplies and pharmacies.

**Please note:** Host Nation Patient Liaisons cannot transport patients in their private cars.

### ***What can I do to help myself?***

Write down questions you have about your condition, care, or discharge. Visit your local TRICARE Office for information about payment of hospital bills.

## **TRICARE**

### ***I am a TRICARE Prime beneficiary. Who do I talk to if I have received medical bills from a Host Nation Preferred Provider or hospital?***

Contact your local TRICARE Service Center or Beneficiary Counseling and Assistance Coordinator. They are responsible for providing technical advice about the TRICARE program, including processing of Host Nation medical bills. Beginning Sept. 1, 2010 you will have an additional option to call the International SOS at 0800.80806 (toll-free from Belgium) or their international line at 0044.20.8762.8133 (someone will call you back).

***I am NOT a TRICARE Prime beneficiary. Who do I talk to if I have received medical bills from a Host Nation Preferred Provider or hospital?***

If you are a TRICARE Standard beneficiary, talk with your TRICARE Service Center. If you are not a TRICARE beneficiary, contact your insurance company claims representative.

***When will TRICARE NOT pay my bills?***

- If you are enrolled in Prime in a different region and fail to obtain pre-authorization for care (other than in an emergency).
- If you are enrolled in TRICARE Standard, you are responsible for your cost-share and deductible.
- If you are not enrolled in TRICARE.
- If you obtain services that are not a TRICARE-covered benefit (acupuncture, IVF, chiropractic services, comfort items, parking, overnight stays for individuals other than the patient, items and treatment not medically necessary). Check with your TRICARE Service Center before obtaining any such services.
- If you are TRICARE-ineligible, (this may apply to parents and parents-in-law who are command-sponsored), command sponsorship does not include TRICARE coverage unless the parent/in-law is eligible for TRICARE in his/her own right, for instance, as a retiree. The sponsor is responsible for medical bills of command-sponsored family members who are not TRICARE-eligible.
- When the care was provided more than a year ago, TRICARE policy prohibits the payment of bills for care rendered more than 12 months ago. Be sure to bring any bills you may receive to TRICARE promptly. Because Belgian providers may mail the bill to you instead of to TRICARE, check your Belgian mail box. Be sure to inform TRICARE of any non-referred care you received from a host nation provider. TRICARE will not pay any late or legal fees if you fail to submit your bill for payment in time.
